2018-19 Income Limits for New Students

Milwaukee (MPCP), Racine (RPCP) and Wisconsin Parental Choice Program (WPCP)

For the 2018-19 school year, the family income of a student new to a choice program must be at or below the amount listed in the table below for the program the student is applying. If a student is continuing in any of the choice programs or was on the choice waiting list for the same Choice program in the prior year, he or she does not need to meet the income limits. Family income includes the income of the student’s parent(s)/legal guardian(s) that reside in the same household as the student applicant. If the student’s parents/legal guardians that reside in the same household are married, their income is reduced by \$7,000 when determining income eligibility for the program (*i.e. married family income minus \$7,000 is the income amount married families compare to the tables below*). Family size includes parents/legal guardians and their children by birth, marriage or adoption that reside in the same household as the student applicant.

A private school may, in addition to the state aid payment it receives, charge a choice student tuition in an amount determined by the school if both of the following apply: (a) the student is in grades 9 through 12; and (b) the family income of the student exceeds 220% of the federal poverty level as listed below. The private school makes the determination whether the school can charge a choice student tuition in grades 9 through 12. The private school must establish a process for accepting appeals to the school’s governing body related to the school’s determination to charge a choice student tuition based on the student’s family income.
